

Fairfield-Suisun Unified School District  
SACS/Chart of Accounts

**The Resource field gives LEAs the ability to track activities funded with revenues that have Financial reporting or special accounting requirements or to track activities funded with revenues that have restrictions on how the funds are spent. Those activities using revenues that are unrestricted within a fund are coded to Resource 0000.**

**The resource code created the link between funding sources and related expenditures. Resource codes are associated with activities funded with unrestricted revenues (0000-1999 series) or activities funded with restricted revenues (2000-9999 series). The restricted resource codes are further classified by source: revenue limit, federal, state, and local.**
